MARINES DO GOOD WORK

They Covered Themselves With Glory at Guantanamo.

SAMPSON TELLS OF THE BARBARITY OF THE SPANIARDS.

Off Guantanamo, June 14—Special—The American flag was raised over Camp McCalla Sunday afternoon after the hottest day's work the American soldiers or sailors have had since the civil war. Shells and bullets whistled all about the camp during the entire day. It was thought advisable to move the camps, but the marines refused to go, and after the flag was raised said they were prepared to stay forever.

Firing continued all Sunday night. The camp was attacked by an overwhelming force in the brush, but the marines aided by the rapid firing guns of the Marblehead and Texas riddled the bushes along the coast, while the big guns of the warships ripped the undergrowth and trees into shreds, sending the Spaniards flying to places of safety.

Washington, June 14—Special—The fight at Guantanamo has demonstrated the fighting qualities of the American marines in a gratifying manner. Though greatly outnumbered by the Spaniards they won a victory of the first importance, gaining a foothold in Cuba that will serve both the army and navy as a base of supplies. Officials here, from the president down, are enthusiastic over the bravery of Lieut. Huntington and his men. If this engagement is an indication of what is to come the Spaniards will be whipped in short order.

Anxious For Peace.

London, June 14—Special—It is the belief here that the seizure of the Ladrone Islands by the American fleet now en route from San Francisco to Manila would precipitate a crisis in Spain that would lead to her absolute surrender. It is no secret that the Spanish authorities are tired of the war, and acknowledge the hopelessness of their cause. It was expected at first that the United States would not press her claims, and would endure much rather than fight. Now that the mistake is apparent the government is seeking a way out of the pickle in which it has placed itself. Intervention is hoped for but not expected, owing to the hostile attitude of Great Britain. Surrender and the acceptance of the best terms that can be had is now regarded as the only thing left.

The Press Censorship.

Washington June 14—Special—It is probable that the press censorship will be relaxed by orders from the war department. The attempt to exercise it has been an absurd failure, and has brought the department into ridicule. It has not resulted in the suppression of any real news of contemplated or pending movements, and has led to the manufacture of sensations that have been prejudicial in many ways. Commanders of troops will simply be warned to keep their mouths closed relative to movements of which they may be cognizant, but to give full details of past occurrences so that the public may not be misled by false reports.

Spanish Barbarity.

Washington, June 14—Special—The secretary of the navy received the following dispatch from Admiral Sampson this morning: "Lieut. Blue has just returned after a detour to observe the fleet in Santiago harbor. He reports the Spanish fleet all there. The Spanish attacked vigorously the camp at Guantanamo. An outpost of four marines was killed and their bodies mutilated barbarously."

(Signed) SAMPSON."

Reports From Sampson.

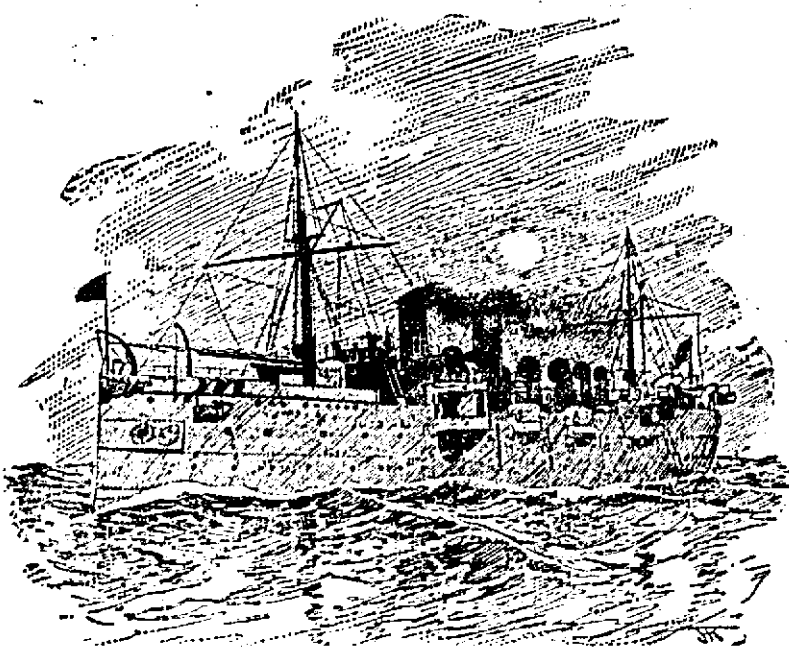

Washington, June 14—Special—The cruiser St. Louis arrived at Mole St. Nicholas this morning. When she left Sampson's fleet yesterday fighting at Camp McCall had stopped, but another attack was expected.

The Germans at Manila.

Washington, June 14—Special—State department officials say they know nothing of the concentration of the German fleet at Manila, and decline to accept the report as menacing.

Off For Manila.

San Francisco, June 14—Special—Thirty-three hundred troops embarked on the transports this morning. The expedition will sail probably tomorrow.

THE CRUISER PHILADELPHIA.

The protected cruiser Philadelphia, assigned to re-enforce Dewey at Manila, has a displacement of 4,324 tons and can steam 19.7 knots an hour. She is armed with twelve 6 inch guns, four 6 pounders and eleven guns of smaller caliber. She cost \$1,350,000.

BRIEFS FROM BELOIT.

The Death Record—After More Results—Academy Graduating Exercises.

Beloit, Wis., June 14.—[Special]—Mrs. Norstmann, mother of F. A. Norstmann and Miss Laura Norstmann, died Sunday evening. The remains will be taken to Barabon for interment on the 11:07 train this morning.

Mrs. Mary Brown, aged 83 years, died June 13th, at the home of her daughter, Mrs. S. Conant, 511 St. Paul avenue. The funeral will be held this morning at the house at 10 o'clock. Interment will be in the town of Watworth.

Ira Thompson, of Co. E, arrived in this city yesterday afternoon to get 25 recruits. While not authorized to enlist soldiers, he is authorized to recruit the names of those who desire to enlist.

The graduating exercises of the Academy will take place this evening at 7:45, in Seville hall. There are ten speakers chosen from the class for excellence in scholarship and oratory. The graduates will receive their diplomas next Monday at the Prize Distribution. Following is the program:

PLEASANT SOCIAL FUNCTION

Miss Louise Crosby's Reception in Honor of Miss Elizabeth Norcross

Miss Louise Crosby entertained last evening at the North Jackson street home of her mother, Mrs. Mary Crosby, in honor of Miss Elizabeth Norcross. The floors were cleared and to the inspiring strains from the Orpheus Mandolin orchestra dancing was indulged in. Caterer George Shurtleff had charge of the refreshments, which were faultlessly served. On the spacious veranda the guests enjoyed themselves who cared not for danger, and at the 11 o'clock hour the function came to a close. Those present were:

W. A. Jackson	M. O. Mount
Misses—	
Grace Crosby	Mary Lyman
Sydney	La Grange
Elizabeth Norcross	Mabel Shumway

COUNT FIGHTS A DUEL

Anna Gould's Husband Calls An Editor To Account With Swords.

Paris, June 14.—[Special]—Count Ostellano, the husband of Anna Gould, fought a duel with M. Turot, editor of a local paper this morning. Swords were used. The editor was wounded three times, ending the duel. The meeting grew out of Turot's comments upon the murder of her two babies by a servant in the count's household.

A LIVELY SHAKING UP

Illinois and Kentucky Towns Felt Earthquake Shocks This Morning.

Chicago, Ill., June 14.—[Special]—Several cities in southern Illinois and southwestern Kentucky report having felt earthquake shocks this morning.

HE WILL SHAKE JANESVILLE

Alex. McCellan Will Seek Other Fields In Which to Roam

Alex. McCellan, the ex-River street saloon keeper will not apply to the council for another license, nor will he continue in the soft drink business much longer.

Mr. McCellan says that he does not intend to continue business in this city any longer, and he will go where a business man has some show for his money.

THE NEW REVENUE LAW

Increased Tax on Beer and Tobacco Goes Into Effect Today.

Local brewers and cigar manufacturers have received notice that the new revenue law goes into effect today, and that hereafter it will be unlawful to attach the stamps heretofore in use to packages containing these articles. Arrangements have been made to redeem all old stamps that may be on hand, the new issue being given in exchange to the full face value. Beer will hereafter be taxed at the rate of \$2 a barrel, cigar stamps \$1 00 per thousand, and tobacco stamps 12 cents a pound.

BROUGHT A BIGGER PRICE

Daniel Gower Farm Again Disposed of by the Sheriff.

Sheriff Acheson re-sold the Daniel Gower farm in the town of Rock this morning to Harry W. and E. Tracy Brown, of this city. A few weeks ago the same farm was sold to the same parties for \$18,900 an acre, there being 350 acres of it. The first sale the court would not confirm for the reason that heirs stated that it was sold too cheap. At today's sale the same parties again purchased the same farm, paying \$20.10 an acre.

Directors of the Janesville Country Club met last evening and elected officers as follows:

President—V. P. Richardson.
Vice President—Joseph P. Baker.
Secretary—Charles L. Field.
Treasurer—John G. Rexford.
John G. Rexford, C. L. Field and C. O. Russell were named as a committee to draft by law. The next meeting of directors will be held next Monday evening.

Revolution Feared in Spain.

Madrid, June 11, via Bayonne, June 13.—The government is taking every military precaution to quell a revolt when the inevitable happens. It is reported that the queen wants to shift the regency to Infanta Isabella, and let her accept the American conditions of peace.

LEE WILL COMMAND

He Will Direct a Second Invasion of Cuban Soil.

REAR ATTACK UPON HAVANA SUPPOSED TO BE HIS AIM.

Washington, June 14—Special—That another invasion of Cuba is contemplated is shown by the fact that Gen. Fitzhugh Lee has received orders to prepare to attack Havana from the nearest available point of landing. He will take with him an army of 40,000 men, and will be supported by Watson's blockading squadron. It is believed that he will make a landing near Cardenas, and from there march with Cuban allies upon the capital to greet Blanco, from whom he had a dramatic parting a few months ago.

The Attack on Havana.

Washington, June 14—Special—The administration has not yet decided upon the time or manner of the attack on Havana. It will depend upon the result of the Santiago and Porto Rico campaigns. It is the general opinion that the rainy season will be allowed to pass before any general attack upon the island is made.

Spaniards Had a Scare.

Key West, June 14—Special—At noon Monday the batteries in Sandiego and Morro opened a terrific fire on the American blockading fleet off Havana. The firing began without reason, as no ships were within range. Not a vessel was touched, and the nearest shot fell a hundred yards from the Hawk. The government report says over two hundred shots were fired, and it is believed Blanco opened fire to invite an attack, knowing that his resources were fast dwindling, and realizing that he must fight while able.

Blanco Shows the White Feather.

Madrid, June 14—Special—Captain General Blanco's repeated calls for aid are having a disquieting effect here. Up to a recent date the captain general has been boasting of his ability to care for himself and resist any American attack, no matter how powerful. His persistent begging for succor of late has convinced all here that his position is far more critical than has been supposed, and leads to the fear that he will fall an easy prey to either assault or famine. The danger from the latter is regarded as most imminent.

NEGRO FIEND HANGED

Was To Have Received a Preacher's License Today If He Had Lived

Clarendon, Ark., June 14.—[Special]—More Ricks, colored, was hanged by a mob last night for outraging a white woman. He confessed the crime. He was to have received a preacher's license today.

A RECORD BREAKER.

The A. O. U. W. Still Leads All Its Rivals.

That the A. O. U. W. is a good institution for young men to join is evidenced by the fact that on May 14, 1898, William Cantwell, of this city, was initiated into the mysteries of workmanship, became a full member and received a beneficiary certificate for \$1,000 payable at his death to his widowed mother. It cost him to become a member of the A. O. U. W. \$3.50. At the time of initiation he paid one assessment, which at his age, cost him sixty cents, making a total of three dollars and ten cents. On the 11th of June, 1898, he died with pneumonia; was buried on the 7th. Proof of death was received at the grand recorder's office at Fond du Lac, the evening of June 8. On June 9 the grand recorder forwarded a draft for the full amount of \$1,000 to the recorder of Olive Branch Lodge No. 36, and on the 11th Mrs. Cantwell received the full \$1,000, for which she has already received thanks. Boys, our latch string is all out. Come in with us, and protect those who have protected you. Yours truly, J. M. THAYER, G. M. W. Friends of Co. A, Attention:

A patriotic entertainment and dance will be given at the Armory Wednesday night, for our boys now at the front. Smith's orchestra furnishes the music. Tickets 50 cents; extra ladies 25 cents. Auspices of W. H. Sargent W. R. C.

THE LEITER COLLAPSE

Attachment Issued Against the Speculator—No Effect Upon Wheat Market.

New York, June 14.—[Special]—An attachment for over seven hundred thousand dollars was granted against Joseph Leiter in favor of Otto Joehrske & Co., local brokers, this morning for money advanced.

Chicago, June 14.—The collapse of the Leiter wheat deal had no apparent effect upon the local tobacco market this morning. Wheat was steady.

FIVE KILLED IN MINE.

Terrible Disaster in a Coal Mine at Stotts City, Ill., no Wednesday.

Anora, Ill., June 14.—[Special]—Five men were killed by a fall of earth in Stotts City yesterday. The dead are John Dunham, Wm. Dunham, J. W. Newman, Wm. Brown, Geo. Houck.

CHANGE THE CONSTITUTION

Christian Endeavor and Epworth League Organized Local Union.

The Local Union of Christian Endeavor societies and Epworth League held a special meeting in the parlors of the Baptist church last evening and adopted a new constitution by which the name of the union was changed to "Christian Young People's Union of Janesville," and several other important changes were made. Hereafter the executive committee will consist of the officers of the union and four members from each society. These members are to be the president and three delegates who shall be elected by the society for one year.

LIFE AMONG THE
BADGER SOLDIERSALL THE JANESVILLE BOYS
ENJOYING THEMSELVES.

Camp Duties Do Not Interfere With the General Jollity—All Are Making the Best of the Situation in Which They Are Placed—Incidents of Interest.

Camp Cuba Libre, Jacksonville, Fla., June 11—The sun for the past few days has been scorching, and general loading has been in order. Drill duties are now at 8 a. m. until 3:30 p. m., so the men duck into their quarters and lie on the floors and enjoy the breeze, very much "in negligence."

Some of the more active ones continue their little excursions into the surrounding country, but it has been pretty well investigated now, and "no war broke" and out of the little runs to St. Augustine and other nearby points of interest. As I write this I can glance down the long lines of company streets and officers' quarters, with all their tents rolled so that only a roof remains, and I get a very good picture of laziness, as manifested by a thousand men, whose only ambition at present is to be comfortable.

Privates Bigger and Clark have gone to St. Augustine today.

Pay rolls were called for and made out yesterday, and we look forward to a prompt issue of our pay for eighteen days' service. Nobody cared for the money till we all "went busted." Now a dollar is an awfully large sized piece of money.

All the hospital corps applicants from "A" Company have decided to take the three year enlistment in the regular army, on the distinct understanding that they would be discharged at the close of the war.

Private Saepford had to return to the hospital again Thursday, but is back in his quarters much better now.

Meals are very promptly attended these days. Camp life has grown to be an old story with us and we are about acclimated. I have consequently a good appetite and await the calls to meals, particularly dinner, as we have breakfast at 5:10 a. m.

Mrs. Capt. Hanson started on a little fishing expedition the other day and will have a jolly story to tell her friends of her mishaps.

The famous yell of the U. of W.—Bah-Bah-Wisconsin—is fast becoming, if it has not already been adopted as the war cry of this regiment. On all occasions, when cheers are given loudly, sharp notes can be heard if any of our boys are "on earth."

Guard details are now instructed all over the camp, just as Wisconsin's representatives have been at all times, to allow no enlisted men to pass guard lines after taps without pass. Added to this are orders that any man found on a mile or more from guard line, without permission, shall be arrested. And a provost guard enforces this order by patrolling the city after dark.

Vaccinations have commenced and the first regiment band is being vaccinated at this writing. Many men seem to have more fear of vaccination than of bullets, and considerable feeling is likely to be stirred up before the work is finished.

Privates Evenson, Caryl brother, Dixon, Christensen and Froeman are on guard today.

Corporal Nott is detailed from this company today for same duty, as corporal of the guard.

Musicalian Brosman will be on duty tomorrow, and guard detail will be Privates Fletcher, Gifford, Gumbert and Haller. The Sunday guard is much disliked, as it takes the boys from having the day off to go to church and elsewhere. The only duty they have to attend is parade, except when on guard.

Parades continue to draw large crowds, and more of the society people come each night. It seems to be getting to be quite "the thing" to attend a parade of the First Wisconsin every evening.

One of the old-fashioned undress parades was held last night, with a full band accompaniment. Several "A" boys took part when they serenaded the North Carolinians by playing "Dixie." Your correspondent was taking in the town at the time, however, and cannot say just who was a participant. It is said to say that the entire "bald-headed" men were there.

Private Frank Irish is the envied man of this "push" in having been brought with two pillows. They will go well with the hard board he is sleeping on.

Privates Fletcher and Buchholz are official mail carriers for the First Regi-

ment. One of the most important positions a high private can have. Lieutenant Blood is planning another fishing trip.

Lieutenant Joe Whitting is stationed some distance from our company, and we do not see much of him, but his new "goatee" that is visible and a good thing at 200 yd. dr.

Sergeant Brown claims that one of his tent occupants woke him during a recent night with cries of distress. When questioned as to the cause the answer was given that "he had dreamed he was working."

IT ALSO WANTS ANNEXATION

Public Sentiment in Honolulu Favors a Union with the United States.

Back from the cruiser Charleston comes a copy of the Hawaii Star mailed by Lieutenant Frank Bostwick from Honolulu the day the United States cruiser arrived on her way to the Philippines. "On one was a lively town that day. The whole town turned out to greet the great ship. Flags were flying everywhere, and all the whistles and bells in the city sounded."

It needs only a glance at the columns of the Star to show how thoroughly American Honolulu has become. The principal news items turn on American questions. The display heads on the front page are as follows: Spain's Second Defeat—Report That She Has Lost a Squadron.

Ocean Race to Manila—Spain Will Try to Gain the Philippines.

Many Troops Are Coming—Thirty-Five Thousand Men Will Go To Manila.

Alas! The Charleston. The Brave Cruiser Makes Steamer Time.

And last but not least of all: The Decoration Day Parade—The Hawaiian G. A. R. Will Start at 3 O'clock Sharp This Afternoon.

Not so many years ago missionaries were sent to Hawaii. One of the news items on the front page of the Hawaiian Star the day the Charleston arrived was a report of the meeting of the Women's League of Missionaries at the Honolulu Central Union church.

Another item covers the meeting of the Hawaiian Missionary Children's Society where the condition of affairs on the Caroline Islands was discussed.

Along with reports of the mission meeting appear accounts of bicycle races, the May trotting meeting and a hot baseball game and a false alarm that called out the fire department to the corner of Lihala and Alinahale streets, the opening of the June term of the Walluku circuit court.

When it comes to advertising there are reminders of the United States at every turn. American foods, American patent medicines, American insurance companies, United States flags, United States ready-made clothing and United States bicycles are all expounded by such pushing retailers as Geo. Kim, Bang Chan, F. Hamasaki, S. Kijima, H. Miyaki, I. Yomoto, Fook On & Co., Wing Wo Fat & Co. and Ben Hashoo. The proprietor of the Astor House restaurant has the very appropriate name of Ak Chuek.

Geo. Kim runs a tailor shop, Wing Loy a drygoods store, and Ling Sing Kee is a plumber.

The leading editorial in the Star bears on Memorial day and contains an eloquent plea for union with the United States which declares to be the Hawaiian ideal. The editorial declares "We admire other nations, our early instincts may go to others, but to the United States we give ourselves from our very hearts as to the country to which they belong. It is not the mere incident of birth but the mature judgment of men that makes us choose the United States as our ideal and our goal."

EDGERTON HIGH SCHOOL

Commencement Exercises Were Interesting and Profitable

The commencement exercises of the Edgerton High school were held in Royal hall, Friday, evening, June 10. Although the night was stormy long before the exercises were to commence the hall was more than comfortably filled, with an audience that was prepared to listen and to generously applaud the efforts of the graduating class. The class, numbering twenty, is the largest ever graduated from the Edgerton school and is an exceptionally creditable one from an educational standpoint as the standard of scholarship is exceptionally high. The following is the order of exercises: PROGRAM.

Lute Pastour.....Fred Knobel
Presentation of Diplomas.....L. G. Whittier
Music.....Orchestra

The orations of Fred Knobel, Dora Mathewney and Grace Perry, are deserving of more than brief mention. Mr. Knobel, in presenting the life and work of Lewis Passour, had chosen a subject in which all can be, and were interested.

Dora Mathewney was peculiarly fortunate in her theme: "Scotland and

HIS WARSHIPS ON THE MOVE.

Entire German East Asiatic Squadron Seems to Be Concentrating in the Harbor of Manila—Suspicious Conferences Have Been Held with the Rebel Leader.

London, June 14.—A dispatch to the Standard from Madrid says that a hopeful impression has been created in political and financial circles by a rumor that there are several German warships at Manila, and that they intend to make a demonstration favorable to Spain.

The press affects to believe that something is brewing in Germany that may be advantageous to Spanish rule at Manila.

A dispatch to a news agency from Shanghai says certain incidents are regarded as significant of German's attitude regarding the disposal of the Philippines.

The transport Darmstadt, which was bringing troops from Germany to Kio-Chou, received telegraphic instructions upon her arrival at Singapore to go to Manila, which she did. She took on board at Manila the archbishop of that see and took him to Shanghai, whence he will sail for Europe.

Warships Are Under Orders.

The German flagship Kaiser and the Kaiserin Augusta left Nagasaki on June 12 with, it is reported, startling orders should the Americans bombard Manila.

Prince Henry of Prussia, who is at Kio-Chou, is kept fully informed of everything in connection with the war. The German steamer Petrarca sails at once for Manila under secret orders. It is believed that she is dispatched by the German government.

The Berlin correspondent of the Telegraph says that the entire German East Asiatic squadron seems to be concentrating at Manila.

The ships now there are the Kaiser, Kaiserin Augusta, Irene, and Comoran, with a total of 1,605 men.

It is evident that Germany is resolved to effectively protect her interests in the Philippines, as the German firms in Manila petitioned the government to do some time ago.

The Financial News prints a dispatch from Madrid stating that three Spanish ironclads, which were lately at Madagascar, are now in sight of Manila bay.

Suspicious Conferences Held.

Singapore, June 14.—Letters dated Manila, May 26, received by sympathizers of the Philippine insurgents, say that the prolonged conferences between Capt.-Gen. Augusti and the German consul have excited attention. It is supposed that Germany has designs on the archipelago.

Paris, June 14.—A dispatch to the Temps from Madrid says that negotiations are going on between Madrid, Berlin, and Vienna. These negotiations do not aim directly at the conclusion of peace, but are important on account of contingencies which may arise owing to the disposition of Germany, which is hostile to the development of American intervention in the Oceanian archipelago.

The Americans are said to have already occupied the Caroline and Marshall Islands. Germany has for a long time desired to establish a coaling station on Ponape Island, one of the Carolines. It was this that led to the famous Hispano-German conflict in 1885.

The cabinet believing that the moment has not arrived to bring forward the question of peace, the negotiations entered upon are naturally interpreted by the partisans of a prolongation of the war and by the press as an indication of a rapprochement and a combination calculated to facilitate the co-operation of Europe against the United States.

Mr. Hay Authorizes a Denial.

London, June 14.—Referring to a Washington dispatch cabled here, stating that United States Ambassador Hay had advised his government of his receipt of Hong Kong dispatches informing him that Manila had surrendered, the authorities of the embassy say that Col. Hay has sent no such message to Washington, nor has he received any such information.

Barkley Given the Position.

Washington, June 14.—The name of Gen. James H. Barkley, one of the brigade commanders of the Illinois National Guard, was included among the nominations sent by the president to the senate Monday. Gen. Barkley was appointed to fill the vacancy made by the resignation of Gen. Fitz Simons of Chicago.

Will Ignore United States.

Brussels, June 14.—A dispatch to the Petit Bleu from Madrid says that Premier Sagasta's secretary, in an interview, declared that Spain would accept proposals for peace made by the powers, but would not accept any from the United States.

New Foes for Dewey.

London, June 14.—According to a dispatch from Madrid to the Financial News, three Spanish ironclads from Madagascar waters have arrived inside Manila bay, and Admiral Dewey's ships have gone to meet them.

Grant to Lead Illinois Troops.

Chattanooga, Tenn., June 14.—Gen. Grant is to again lead Illinois troops in war—the worthy son of the great soldier having been assigned to the brigade over which Col. Culver is now acting commander.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

Chicago remained clinging to sixth place yesterday, though not playing on account of rainy weather early in the day. Pittsburgh, the nearest pursuer, was also prevented from getting in a game. The other league clubs played according to schedule, Cincinnati drawing ahead by downing Louisville, Boston mounting at the expense of Philadelphia and trying Cleveland for second place, and Baltimore succumbing to Washington. Chicago plays with St. Louis to-day, two games. Scores:

Linen

Suits.

We have just received by express from Philadelphia a large line of Linen Suits. Two styles of jackets, the blazer style and the eton style; both styles are very popular down east. Every skirt hangs perfect; every jacket fits right. One of the most popular styles among them has cardinal braid trimming on both skirt and jacket; the effect is beautiful. Other suits are trimmed with blue braid and linen soutache braid. Another popular style has plain skirt with lapel of jacket faced with blue chambra trimmed with white braid; the effect is very pretty.

BELTS. New velvet metal trimmings; black and all colors, at 25c.

Black Leather Belts with military button trimmings and buckle; a special novelty, at 50c.

White Kid Belts; good value at 25c.

Yours for Bargains,

THIS DAY IN HISTORY.

1645—Battle of Naseby.
1772—Duncan, McArthur, soldier, congressman and early governor of Ohio, born in Dutchess county, N. Y.; died near Chillicothe, O., 1859.

1777—First form of American flag decreed by congress. The resolution read: "That the flag of the 13 United States be 13 stripes, alternate red and white; that the Union be 13 stars, white in a blue field, representing a new constellation." This is the first recorded legislation for the adoption of a national flag. The resolution was not promulgated officially until Sept. 3. The first flag made as prescribed is believed to have been unfurled on the Ranger by Paul Jones, who was appointed 41st chief of the resolution passed. The flag of 1777 remained as adopted until 1794, when two additional stripes and two stars were placed in for Vermont and Kentucky. The present form of 13 stripes and a star for every state. This was adopted in 1818.

1600—Battle of Marston.
1807—Battle of Friedland and culmination of the power of Bonaparte.
1811—Harriet Beecher (Stowe) born at Litchfield, Conn.; died 1880.
1888—Mary N. Prescott, author, died near Newburyport; born in Chelsea, Mass., 1819.
1894—John Duke Cochran, lord chief justice of England, died in London; born 1821.
1897—Charlotte Walter, once "tragedy queen of Germany," died at Vienna; born 1825.
Barney Barnato, "South African diamond king," drowned while en route from the coast to England.

WISDOM OF POSTAL SUBSIDY

The New York Marine Journal argues that Uncle Sam acted wisely in giving postal subsidies. The eagerness with which the Spaniards were trying to head off and capture the American line steamship "Paris" on her way across from England shows how much terror has been struck to their hearts by the possession of the four splendid ships of this line for auxiliary cruisers by our government, the Journal says. And therein lies the wisdom and value of the Postal Subsidy Act that made possible the obtaining of these ships by the United States. Without it the "St. Paul" and "St. Louis" would never have been built and the "Paris" and "New York" would have remained under the British flag—a most serious loss to this country under the circumstances of a naval war. Their true value remains to be seen, but will undoubtedly be very great.

THE OUTLOOK FOR WOOL

A great demand for wool is predicted by the American Wool and Cotton Reporter. The Reporter says: With the Dingley law curtailing the importations of foreign manufactured goods 50 per cent., and with the demand for goods anything like normal in this country, the demand for wool here must necessarily exceed every previous record. It is argued that this consumption may be defeated by the free use of cotton in woolen goods. But that is only a temporary matter. The use of cotton is simply an expedient designed to rectify the very unequal distribution of the wool, bought at ante tariff prices. Such wools will soon be out of manufacturers' hands, and every one then being on an equal footing, wool will once more be the predominant constituent in "all wool" goods.

The courts of Arkansas do not seem to be sticklers for propertiers. The supreme court of that state recently heard arguments in the case of "Blin" Gossett vs. the state, and "Flato" Hemmily vs. the state.

FIGHT WITH GUERRILLAS.

Further Details of the Battle at Guantanamo.

SCOUTS ESCAPE THE ENEMY.

Lieuts. Neville and Shaw, and Their Men, Reported Missing. Return in Safety—Exposed Position Occupied by the Troops Has Been Abandoned.

Washington, June 14.—Official news has been received that Lieut.-Col. Huntington's marine force at Guantanamo has been compelled to abandon the crest of the hill it occupied during the long fight of Saturday. The force of Spaniards confronting them is overwhelming, and as a matter of precaution the Americans have been moved nearer the harbor and the ships. Batteries and rifle pits on the hill top are, however, kept manned.

It is hinted that Admiral Sampson is anxiously looking for re-enforcements from Gen. Shafter's invading force. The marines are said to be almost exhausted from continued fighting and lack of sleep, and must have assistance speedily.

The guns of the fleet are, where practicable, kept trained on the Cuban jungle, and prevent the Spaniards from making their desperate rushes. It is at night that the greatest danger to the brave marines is apprehended. Guantanamo, Cuba, June 12, via Mole St. Nicholas, June 14.—The 900 marines encamped here fought all Sunday night hand to hand with three times their number of Spaniards.

The forces that attacked them Saturday, regular troops and guerrillas, were repulsed after thirteen hours of desperate work at close quarters. They fled into the brush, but remained away only a few hours.

At 9 o'clock last night they dashed in again on the camp, which scarcely had warning of their coming before a vicious combat was on at close quarters.

So near did the Spaniards approach in their wild rush that the officers and men in the front ranks found revolvers more useful than rifles and their swords of great service.

Lieut.-Col. Huntington placed his men so as to protect every part of the camp. The six companies formed in a hollow square, but the enemy rushed in from all four sides of the camp.

The bodies of James McColeman of Stoneham, Mass., and William Dunphy of Gloucester, Mass., two of the marines who were killed while on scouting duty, were found after the engagement. The bodies had been frightfully mutilated by machetes. The features were scarcely recognizable.

Lieuts. Neville and Shaw and thirty men of company D, who had gone out on scouting duty, and were missed at the end of the first engagement, are safe. They returned to camp this morning, uninjured, but greatly exhausted.

They had not gone far from camp when they found themselves in the center of a host of Spaniards. Then began a desperate battle. Not one of the marines was injured, although fighting was kept up for several hours at close range.

Lieut. Neville reports that at least five Spaniards were killed. He believes that their death list will be much larger, and that they took away many victims of the good shooting done by his men.

While the fighting was going on the Marblehead stood close in the bay and sent shells into the woods from which the Spaniards were conducting their operations.

Second Expedition Ready.
Washington, June 14.—It is understood that Gen. Merritt has notified the war department that the second Manila expedition is ready to put to sea. When seen about the matter, Mr. McKeljohn, the assistant secretary of war, said that the expedition would leave today or tomorrow.

Full Volunteer Companies.
Springfield, Ill., June 14.—Capt. J. B. Inman and Lieut. R. O. Rickard of the Illinois volunteer signal corps have returned from Chicago and will rendezvous their recruits in this city until equipped. Fifty-five men are required and forty of these are ready for duty.

Would Give Up the Philippines.
San Francisco, Cal., June 14.—A friend of the Mexican consul, A. K. Coney, of this city, said yesterday that he had learned that President McKinley had offered to withdraw at once from the Philippines if the Spanish government would accede immediately to the freedom of Cuba.

Begin Work in Indiana.
Indianapolis, Ind., June 14.—Forty-nine recruiting officers, representing three of the four Indiana regiments in the field and the two batteries in the service, have begun recruiting 950 men. Several squads of recruits will be sent to Chickamauga today.

Students Join the Army.
Lansing, Mich., June 14.—Nearly forty students at the agricultural college have signified their intention to join the regular army and Lieut. Smoke will be here to muster them in as soon as commencement exercises are concluded.

Iowa Recruits Leave.
Red Oak, Iowa, June 14.—Seventeen recruits for the Fifty-first Iowa regiment departed for San Francisco yesterday. About fifty go today. The 174 recruits needed will be obtained by Thursday.

Canadian Parliament Ends.
Ottawa, Ont., June 14.—The session of the parliament of Canada was prorogued Monday. Lord Aberdeen, in his speech from the throne, among other things, said: "I rejoice that during my term of office it has been my good fortune to witness the improved relations that have grown up between Canada and the neighboring republic, and I look forward with much satisfaction to the great benefits that will flow from a settlement of the main questions that have caused irritation in the past."

Britain's Slice of China.
London, June 14.—In the house of Lords the Marquis of Salisbury, replying to the Earl of Camperdown, liberal, confirmed the reports of the concessions granted to Great Britain in the vicinity of Hong-Kong, which, he said, in addition to giving a slight extension to the colony, also secured strategic surroundings which so far commanded Hong-Kong that without them in case of war Great Britain would have been put to certain disadvantages.

Yellow Fever Under Control.
Washington, June 14.—Surg.-Gen. Wyman has received cheering news from the district in Mississippi infected with yellow fever. No new cases have developed and no new foci have been discovered. The existing cases are absolutely isolated and the entire place is subjected by the government officials to the most rigid quarantine.

Big Fire in Philadelphia.
Philadelphia, Pa., June 14.—The extensive plant of the Philadelphia Oil Refining Company at Point Breeze was visited by fire Monday. By almost herculean efforts of the company's workmen and nearly the entire fire department of the city the flames were held in check and the loss held within \$300,000.

Collars Ordered to Guantanamo.
Washington, June 14.—The secretary of the navy has issued orders for the formation of a fleet of collars to sail from Hampton roads for Guantanamo at once. Six vessels are now being loaded at Newport News.

COUNCIL FINDS
BUSINESS TO DO

AWARD CONTRACTS FOR SEWER AND MACADAMIZING.

The Proposition From Oak Lawn Hospital—Many Street Improvements Ordered to be Made—Extension of the Water Mains in Various Directions.

An adjourned meeting of the common council was held last evening. Bids for a storm sewer from Pease Court and Third Main street to the river and for Macadamizing Main street were received as follows:

FOR STORM SEWER.

P. W. Ryan—Twenty-four inch pipe \$1.10 per lineal foot; 19 inch pipe, 75 cents per lineal foot.

J. H. Watson, 99 cents per lineal foot.

Tschirgi, Stouck & Lieban, 18 inch sewer, 90 cents; 24 inch, \$1.80, including basins and abutment.

MACADAMIZING MAIN STREET.

P. W. Ryan—55 cents per square yard.

J. H. Watson—39 cents per square yard.

Tschirgi, Stouck & Co., 70 cents per square yard.

A. D. McLean, from the highway and bridge committee, reported in favor of granting the contract for the storm sewer to J. W. Ryan and the contract for macadamizing North Main street to J. H. Watson, they being the lowest bidders. Adopted.

The Hospital Matter.

A communication from the trustees of Oak Lawn hospital was read, tendering the city a gift of the buildings and grounds provided said city would pay the hospital debt. The proposition was referred to the finance and judiciary committees, who were given until next Monday evening to report. In the meantime the committee will visit the hospital and inspect the property.

Relating to Streets.

The following orders were presented:

By Alderman Kothman—An order granting the O. & N. W. Co. permission to construct and operate a spar track on School street along the north side of lot 17, Smith, Bailey & Stone's addition. Granted.

By Alderman Carpenter—An order instructing the street commissioner to build or repair sidewalks on Eastern avenue, Beloit road, Milton and Milton avenues. Adopted.

Alderman Kothman reported that one of the teams of the fire department was in bad condition and one horse could never be used again. He moved that the fire and water committee purchase a new team for the fire department. Adopted.

Various Matters.

By Alderman Peters—An order granting Colling & Peters the right to use a portion of North Main street, in front of No. 11, for building material during the erection of a brick building owned by Mrs. O. Carlson. Adopted.

By Alderman Carpenter—An order that the grade of East street between Wisconsin and Jackson streets be changed to the grade now established by the city engineer and on file in the city clerk's office. It is also ordered that East street be opened and graded from South Third street to Oakland avenue according to plans and specifications of the city engineer, and that the city clerk advertise for bids for doing said work. Adopted.

The plans for grading East street and South Third street were approved.

By Alderman Carpenter—An order to, sidewalks in Forest Park addition, north side of Oakland avenue and a cross-walk on Garfield avenue, north side of Oakland avenue. Adopted.

Extension of Water Mains.

By Alderman Kothman—An order requesting the Janesville Water Co. to extend water mains as follows:

On South Bluff street, from Racine street to Clark street, placing thereon one fire hydrant.

On Prospect avenue, from Milton avenue to Garfield street, placing thereon three fire hydrants.

On Mineral Point avenue, from North Jackson street to North River street, placing thereon two fire hydrants, the hydrant so placed that the east end of this extension to be a J-way hydrant.

All hydrants to be located by the chairman of the fire and water committee and chief engineer of the fire department. Adopted.

BITTEN BY A RED SPIDER.

Mrs. Harris suffering seriously from the sting of an insect.

Mrs. Harris, the well known nurse, is suffering with a badly poisoned face and arm as the result of the bite of a large red spider that resembled a tarantula. The unfortunate woman purchased some bananas, and when she went to take them in hand a large red spider ran up her sleeve, inflicting painful bites on her arm and face.

The poison at once began to act, and the prompt application of stimulants and the arrival of the physician was all that saved her from serious injury.

Preserving Time.

The best part of the strawberry crop comes in the first picking which will be this week. Of course prices may be a little better later on and there will be a great plenty of berries but the quality will be no better if as good as will be found in the fruit gathered this week. We can supply you with any amount of the choicest home-grown berries. Send in your order. Sanborn & Co.

TALK to Lowell.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in that part of the state.

MANY RECRUITS
HAVE VOLUNTEEREDMORE MEN OFFER SERVICES
THAN ARE NEEDED

Corporal Hall was kept busy today receiving many applications—Only Twenty five Are Needed—No Telling at Present Who Will Be Selected to Go

There will be no trouble in recruiting the necessary twenty-five men in this city to fill out Co. A, First Regiment to the required 100 men. When Corporal E. F. Hall "opened offices" at the Armory this morning he found many anxious ones on hand to place their names on the list.

Came Thick and Fast

As early as 10 o'clock sixteen young able bodied men had volunteered their services as follows:

A. W. Tull,	Frank Strand,
H. R. Granger,	Jacob J. J. J.
Fred Marquisee,	G. T. Williams,
W. J. Gette,	Mike Burnst,
Fred Haldinger,	Albert Swartz,
Richard Linder,	J. H. Chapman,
Charles Kingsley,	John Keese,
Joseph Oclair,	Michael Fladness,

During the afternoon many more volunteered, and Corporal Hall says that it will only be a question of who will be selected from the large number of applicants.

A Rigid Examination.

The men will first be subject to a physical examination here, and will then be obliged to await orders from Captain West at Monroe, who in turn receives his from Adjutant General Boardman at Madison.

Dr. James Gibson, the examining physician, has received many letters of late from young men in all sections of the county who are anxious to enlist. Just when the men will go south is now only a matter of guess work, and it may mean a wait here of two weeks.

COURT'S DECISION
FAVORS CREDITORSEDGERTON BANK CASE PASSED
ON YESTERDAY.

Judge Bennett's Decision Favors the Depositors in the Defunct Bank—Case Has Attracted Much Attention—Creditors Will Now Strive To Get More Cash.

The Bank of Edgerton affairs had another airing in court yesterday. The plaintiffs, some months ago, served an amended complaint; a part of the defendants, who are the directors and stockholders of the bank, had served pleas in abatement; some of the others, demurrers for various causes and others had moved to make the amended complaint more definite and certain. The matter was finally argued before Judge Bennett by Sutherland & Nolan and Olin & Butler for the plaintiffs, and Fethers, Jeffrie, Field & Mount, and J. M. Clancy, of Stoughton, for the several defendants. The arguments lasted through the entire day.

At the conclusion of the arguments, Judge Bennett granted the motion to strike out the pleas in abatement as sham, and also struck out the demurrers as frivolous, and denied the motions to make the amended complaint more definite and certain, and granted the defendants leave to answer within twenty days upon the payment of \$10 costs. This result was all in favor of the bank. The great struggle on the part of the defendants seems to be for delay. Several parties whose money was deposited in the unfortunate bank, were interested listeners to the proceedings.

DANGER IN CAMARA'S SHIPS.

War Managers at Washington Are Considering the Advantages of Organizing a New Flying Squadron to Cross the Atlantic Ocean.

Washington, June 14.—Americans in high official position are discussing the advisability of crossing the sea to carry the war into Spain. There is a growing feeling that Spain will force the United States to answer the question.

Looming up in the mist of the future is the thought that it may be necessary to destroy the Spanish reserve armada to bring the don to his knees. Coupled with that is the problem of capturing the Canary Islands as a coaling station and base of operations.

Such a series of blows should stagger almost any people, but students of Spanish character count on its perversity to reverse the usual rules of human action.

After Porto Rico, what? Thirty days hence this government may be forced to answer this question. It is not likely the American temper, always eager for action, will be content to let three or four months pass with an idle army of 258,000 men under arms and the navy parading up and down the coast to ward off phantom Spanish fleets.

The war managers have already considered the advisability of organizing a new flying squadron to cross the Atlantic. It has leaked out that Capt. Sigbee was called north for consultation on that project, because he had been selected as its probable commander. Great Britain has already seen the possibility of such a move, and has called the attention of this government to the fact that Englishmen are largely interested in property that would be in range of American guns in a bombardment of Las Palmas. British interests would not, however, be endangered or injured unnecessarily, but British subjects would have to take their chances.

"Spain will never send her reserve fleet over here to be wiped out," explained a naval officer, "but so long as it is aloft it is a menace, and the United States must maintain a powerful navy and keep it on the defensive. We will have to cross the Atlantic and blow the armada to kingdom come. With her navy all gone and her rich seacoast cities open to bombardment by our long range 12-inch and 13-inch guns, Spain will come to her senses."

INVASION IS NEAR.

Shafter's Men Fast Sailing in the Direction of Santiago.

Washington, June 14.—Gen. William R. Shafter's expedition for the reduction of Santiago is well on the way to the southeastern coast of Cuba, and orders have been sent to Gen. J. J. Coppinger to begin at once to load stores on the transports at Tampa for the Porto Rico expedition.

Shafter's fleet is guarded by a cordon of warships, and should John Admiral Sampson in front of Santiago Thursday or Friday next. Gen. Miles carried his decision against unseasoned soldiers so far that recruits for the regulars were left behind, with the result that the expedition was reduced to 773 officers and 14,564 men, a total of 15,337.

Is Willing to Surrender.

Hongkong, June 14.—The Spanish governor of Manila has offered repeatedly to surrender his army. He will not permit fighting, his plans all being simply defensive, hoping for Spanish reinforcements. The junta claims Manila is now occupied by Aguinaldo, but the news is not authentic. The insurgent steamer Pasig is still in the hands of the police. Consul Wildman positively declines to interfere.

Sagasta Cabinet Doomed.

London, June 14.—The Paris correspondent of the Morning Post says: "I learn from a trustworthy source that the days of the Sagasta cabinet

are numbered. It is believed the cabinet is aware the torpedo boat destroyer Terror has been lost, and, despite denials, it is rumored that there is further bad news from Cuba. Silveira, leader of the dissident conservatives, is regarded as the coming man."

New Invading Army.

Washington, June 14.—Arrangements for the second expedition of invasion from the United States for the West Indies are being hurried at the war department. There seems to be no doubt that this expedition, if its number approaches the first, will be sent from the east coast of the United States.

Cervera Meditates Attack.

Havana, June 13, via London, June 14.—Admiral Cervera believes that the American fleet off Santiago is short of ammunition and stores, and it is stated that he meditates sailing out of the harbor and attacking the American ships.

Copley Is Not a Candidate.

Springfield, Ill., June 14.—Two candidates have developed for the office of president of the Republican League of Illinois. They are Howard O. Hilton, of Rockford, Winnebago county, and Senator Isaac Miller Hamilton, of Cassia Park. Ira C. Copley, of Aurora, will not be a candidate for re-election to the presidency; neither will he be a candidate for membership on the state committee.

WORRIED OVER MANILA.

Washington Uncertain Whether to Credit the Surrender.

Washington, June 14.—Considerable anxiety is manifested by officials in Washington concerning the reports which have been received relative to the situation at Manila.

Officers in both the war and the navy department have repeatedly pointed out the necessity for occupying the capital of the Philippines at the earliest possible moment.

If the city really has surrendered to the insurgents, the situation has assumed an entirely new phase.

While the insurgents have repeatedly proffered their friendship for the Americans, well-informed officials have maintained that the occupation of Manila by Aguinaldo would not be welcomed.

The hope is entertained that there will be no change in the former situation until the first expedition reaches Manila, which will be within a week.

Fearing that re-enforcements may be necessary, Secretary Alger has sent mandatory orders for the second expedition to sail not later than Wednesday.

Coal Miners Win a Case.

Springfield, Ill., June 14.—The state board of arbitration has rendered its decision in the controversy between the Chicago-Virden Coal Company, the Virden Coal Company, the Chatham Coal Company, the Girard Coal Company and the Ocala and King Mining Company and their employees. The miners insisted on payments by the operators of the scale of forty cents a ton, fixed by the sub-districts. An agreement to this effect was signed. The board finds no ground to interfere until the agreement shall have been mutually abandoned, and declines to set aside the scale.

Book Concern Scandal Aloud.

Washington, June 14.—For nearly two hours Monday the senate had under discussion the resolution of Mr. Lodge (Mass.), directing the claims committee to make an inquiry as to the disposition of the money appropriated by congress to pay the claim of the book concern of the Methodist Episcopal Church South. A heated colloquy between Mr. Chandler (N. H.) and Mr. Pasco was the feature of the discussion.

San Francisco Is Ashore.

Defiance To Hot Weather

Gas Stoves!

perform their work with a minimum of fire. The hot fiery kitchen of the coal stove is not desirable at any time of the year, but in the summer its abominable. How it rolls its hot breath into every room in the house, and what a sweltering atmosphere is produced by the long kitchen chimney in all the rooms that it touches.

GAS STOVES ARE THE COOLEST of Stoves--a light match, a turn of a valve and you have heat when and where you want it.

Gas Stoves \$12.00.

The Monkey Apes His Master

We originate the bargains and the little fellows try vainly to imitate them. We set the pace and the small try try to fall into our tracks. Like the small boy who thinks if he wears his father's clothes he is as much of a man as his paternal ancestor, the little fellows try to mask under the mantel of their superiors.

We are the Originators of Low Shoe Prices
: ON HIGH GRADE GOODS. :

We inaugurated the one price (\$2.98) for choice
OF ANY SHOE IN THE HOUSE

We are the recognized bargain Shoe house of Southern Wisconsin; have always been and will always remain so. We have grown gray in Shoe experience, but we don't ask you to pay for these gray hairs. We know where to buy Shoes; what constitutes quality; what is necessary in Shoe making to secure the greatest wearing qualities, best styles, etc. There is not a stock in this vicinity that compares with this. The bargain offer for the entire month of June.

\$2.98=for choice of any Shoe in the stock=\$2.98

Was unheard of until we started it. Other sales and offers are mere pigmies in comparison. Keep your eye on the originators and always bear in mind the fact that we always do just as we advertise to do--no disappointment.
